

CHAINLUBE FOR WET CONDITIONS

Chain lubricant for use in damp conditions

Description

MOTOREX CHAINLUBE FOR WET CONDITIONS is a fully synthetic chain lubricant specially for humid or wet conditions. This quickly biodegradable lubricant is extremely dirt- and water-repellent and offers excellent adhesion. Precise and smooth shifting under difficult conditions is guaranteed.

Product features

- biodegrades quickly
- free of heavy metals
- extremely dirt- and water-repellent
- very good material compatibility
- excellent adhesion and long-term effect
- effective corrosion and oxidation protection
- first-rate results in races
- not classified as dangerous

Field of application

MOTOREX CHAINLUBE FOR WET CONDITIONS is recommended for lubricating bicycle chains and derailleurs in predominantly humid or wet conditions.

Application

Apply MOTOREX CHAINLUBE FOR WET CONDITIONS to the dry, cleaned chain and derailleur. Move the parts as you do this so that the lubricant is applied evenly. The dirty chain can be cleaned easily using MOTOREX BIKE CHAIN DEGREASER.

Notes

Warning: Avoid contact with the brakes so that the brake action is not impaired. Note: Also available as a spray

Technical Data

Properties	Test according to	Unit	Values
Colour			yellow fluores...
Density at 20 °C		g/cm ³	0.892
Viscosity at 40°C	DIN 51562-1	mm ² /s	27.0
Flashpoint Miniflash CCA-FLPH	ASTM D6450	°C	80
Pourpoint	ASTM D5950	°C	< -20
